

## NEW MARMIN outdoor handhelds GPS MAP 64SX

### Manufacturer Description

---

#### Explore the World with Reliable Navigation in Hand

Rugged and water-resistant design with button operation and a 2.6 inch sunlight-readable color display. Preloaded with TopoActive maps (U.S. and Australia only) featuring routable roads and trails for cycling and hiking.

Know where you're at with a high-sensitivity receiver with quad helix antenna and multi-GNSS support (GPS, GLONASS and Galileo) and 3-axis compass with barometric altimeter.

Wireless connectivity via BLUETOOTH® technology and ANT+® technology available on GPSMAP 64sx and GPSMAP 64csx models.

Battery life: up to 16 hours in GPS mode.

#### Explore the Terrain

The GPSMAP 64x handheld series comes preloaded with TopoActive maps featuring routable streets and trails so you can take the journey off the grid. Now you can know your surroundings — such as waterways and natural features as well as buildings, international boundaries and more. You can also find thousands of points of interests, including shops, restaurants, universities, parks and accommodations.

#### Keep Your Fix

With its quad helix antenna and high-sensitivity receiver and multiple global navigation system support (GPS, GLONASS and Galileo), the GPSMAP 64x series locates your position quickly and precisely and maintains its location in more challenging environments than GPS alone.

---

## Add Maps

With 8 GB of onboard memory and a microSD™ card slot for expandable storage, you can conveniently download even more maps.

## Satellite Imagery

The GPSMAP 64x series also supports BirdsEye Satellite Imagery (subscription required) that lets you load satellite images and integrate them with your maps.

## Share Wirelessly

GPSMAP 64sx and 64csx handhelds let you share your waypoints, tracks, routes and geocaches wirelessly with other compatible devices. Your friends can enjoy your favorite hike or cache without waiting for you to plug in to your computer; simply press “send” to transfer your information to another Garmin handheld.

## Stay Connected

With smart notifications, you can wirelessly receive emails, texts and alerts from your paired compatible device. Stay connected without having to dig into your backpack for your smartphone.

## Find Fun

The GPSMAP 64x series features paperless geocaching. Upload GPX files straight to your device, and view key information such as location, terrain and hints from Geocaching.com.
